

1-3 years old

Checklist: Safety at Play

CHILDSAFETYLINK
Here for you.

- Make sure that your child uses outdoor play equipment that is designed for his or her age.
- Supervise your child closely while using outdoor play equipment.
- Follow age recommendations on toys.
- Send in the warranty card for new toddler play equipment and toys.
- Keep the battery door closed and/or locked on toys and household items that use batteries.
- Choose the right helmet and safety gear for your child's sports and activities.
- Make sure your child's helmet fits properly by using the 2V1 Rule: 2 fingers above the eyebrows, straps form a V under the ears, and 1 finger under the chin strap.
- Use a lifejacket on your child and stay within arms reach when he or she is playing in or around water.

Child Safety Link: a program of the IWK Health Centre. Here for you with helpful information to keep your children safe. CSL-2016
